Art Unit: 2618.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Brooks on January 15, 2008.

The application has been amended as follows:

In claim 1, line 1, after the term UWB --- repeater--- has been inserted.

In claim 1, line 4, after the word a relay controller---arranged between said receiver and transmitter---has been inserted.

In claim 1, line 5, after the word receiver ---said relay controller detecting receive timing of the UWB pulse series signals and establishing transmit timing so that the transmit timing does not overlap the receiving timing signals, said relay controller transmitting said pulse series signals---has been inserted.

In claim 4, line 1, after the word UWB ---repeater---has been inserted.

In claim 4, line 4, after the word controller --- arranged between said receiver and transmitter for detecting receive timing of the UWB pulse series and setting ---has been inserted.

In claim 4, line 4 after the word controller "sets" has been deleted.

In claim 4, line 7, after transmitter--- and such that the transit timing does not overlap the receive timing signals--- has been added.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach a UWB repeater transmitter and receiver, transmits at a predetermined transmitting timing which is different from the receiving timing by a pulse unit in order to prevent a sneak path wave between the receiver and the transmitter. These limitation, in conjunction with all other limitations, has not been disclosed or suggested or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
